

# Hi-way Truck Operators

Trucks only make money while transporting loads on the road. Down time, for any reason, is totally a waste. Repairs and maintenance must be kept to a minimum.

AIR CTI makes dialing in the correct tyre pressure easy, lowering costs, minimizing all tyre problems, while improving safety, vehicle reliability, & minimizing environmental damage & CO<sub>2</sub>.

With AIR CTI, the driver would have known that the tyre had a problem, and AIR CTI kept it inflated, keeping him on the road.

Change the Load, Change the Pressure. It's the only way to get maximum tyre life

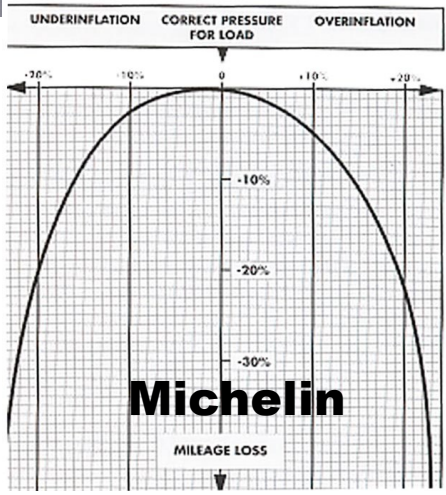

This isn't safe, it isn't smart, and it's not good business.

BRIDGESTONE TRUCK PRICE LIST	
All Prices Include GST	
OFF TRUCK WHEEL BALANCE	\$30.00 per wheel
PRESSURE CHECK	\$2.50 per wheel
TYRE STATION	\$10.00 per wheel

RECOMMENDED TYRE & RIM SIZES & INFLATION PRESSURE KPA (P.S.I.) COLD					
TYRE SIZE DESIGNATION	RIM CODE	MAXIMUM LOAD			
		FRONT	REAR		
10R 22.5	7.50 x 22.5	NOT FITTED	750 (109)	650 (94)	NOT AVAILABLE
11R 22.5	8.25 x 22.5	825 (120)	625 (91)	550 (80)	725 (105)
275/70R 22.5	8.25 x 22.5	825 (120)	675 (94)	600 (87)	750 (109)
275/80R 22.5	8.25 x 22.5	825 (120)	675 (98)	600 (87)	750 (109)
295/80R 22.5	8.25 x 22.5 9.00 x 22.5	825 (120)	575 (81)	525 (76)	675 (98)
AXLE LOAD (LEGAL MAXIMUM)		6000KG	9000KG	16500KG	20000KG

Note the recommended pressures for 16,500kg

By adjusting tyre pressure to the correct pressure for the load

- Tyre life improves 30-100%
- Handles better
- Rides better
- Stops better
- Reduces maintenance
- Reduces breakage
- Reduces driver stress
- Increases drive train life
- Saves money
- Increases driver control
- Is road friendly
- Is environmentally friendly
- Reduces CO<sub>2</sub>

For far too long, we've accepted the tyre pressures put in by the tyre fitter. He's cost us a fortune

Over inflated tyres amplify bumps, are skittish to drive on, increase stopping distances, ride rough, and cause excessive wear and tear.

AIR CTI Ring Chet or Andrew On 03 5127 6128 now To see how they can help your business.

If the environment is important to you, AIR CTI must be on your trucks
